CCE EMPLOYER NEWS FOR MASTER'S STUDENTS

Hello from Leslie on the Employer & Alumni Relations team at CCE! I recently spoke with the Brown Institute for Media Innovation which is a collaboration between Columbia University and Stanford University, designed to enhance and support new undertakings in media innovation through engineering and storytelling. Call for proposals opens in March, where teams come together to bridge the discussion between engineers and journalists with the help of a yearlong research grant. To learn more, stop by their table at the upcoming Spring Career Fair on Feb. 17 or take a look at their website.

TIP OF THE WEEK
