**CCE EMPLOYER NEWS FOR DOCTORAL STUDENTS**

Hello! This is Suzanne from Employer & Alumni Relations. I recently had a meeting with the newly formed Customer Success team at LinkedIn China, who have been charged with assisting select Chinese companies in extending their recruiting efforts overseas. During this conversation, we spoke about their first two partners, Jiangsu Transportation Institute and ZTE. JSTI is a transportation engineering group who will be coming to New York for an info session on Oct. 18 and is interested in meeting with advanced degree candidates in specialties such as Civil Engineering, Mechanical Engineering, Materials Science and related areas. They will also be holding interviews for Full Time positions in 2017 the day following their information session. For more information about this event, please click here. On Nov. 6, telecommunications firm ZTE will also be coming to New York for an info session, and is interested in meeting with advanced degree candidates in Electrical Engineering, Computer Science, Computer Engineering and related specialties. For more info about this event, please click here. LinkedIn China will also be hosting a group Financial Career Talk on Nov. 5 featuring representatives from 10 different firms, and plans to do more events throughout the year as they continue to build new relationships. Keep an eye out for more opportunities coming through from their team!
