EMPLOYER NEWS

Hello from Suzanne on the Employer and Alumni Relations team! Interested in consulting, but feel like you've missed the boat? The MThree Consulting Alumni Program has recently expanded to the US and is currently hiring for their summer class! Through the Alumni Program, recent graduates are given the opportunity to work under a fixed length, contract basis, with prestigious financial services organizations such as RBS, Bank of America Merrill Lynch, Morgan Stanley, Deutsche Bank, and more. Entry level positions ranging from highly technical software development to more functional business-facing roles are currently available, tailored to the ambitions of each individual in the program. A training course is also included, so all majors are invited to apply. To learn more, and apply, check out Job ID's 207253, 207470, and 207471 in LionSHARE.

CAREER TIP OF THE WEEK

Want to talk to someone in your dream job? With a little initiative, you can! Learn how to get started with informational interviewing.

CCE EVENTS AND PROGRAMS

LinkedIn Studio - Friday, Apr. 8
Join the 92% Alliance and CCE to learn the best ways to leverage your LinkedIn for your future career. Discover how to make yourself visible to hiring managers, how to build your network, and how to maximize your social media presence. An informal networking session will be held afterwards with light refreshments. During the networking session the 92% Alliance will also offer headshots for $5 (cash only) to help fund future career development events.

Science Technology Engineering Program (STEP) Application Deadline Extended
If you already secured that dream internship or research opportunity in a science, technology or engineering field, don't miss out on your chance to participate in professional development this summer and be matched with a mentor! The deadline to apply to STEP has been extended until Sunday, Apr. 10.

Making the Most of Your Internship Webinar - Tuesday, Apr. 12
You are probably doing an internship to explore an industry, to learn and develop new skills, to add an impressive experience to your resume or to turn the internship into a job offer. In this workshop you will learn strategies to help you accomplish all of these goals. Topics will include: researching and understanding your company, how to develop your professional image, business etiquette, and how to learn from colleagues and build your professional network.

Career Exploration for PhDs - Friday, Apr. 15
This workshop is designed to help PhD students from all disciplines prepare for and execute a non-academic job search. Discussion will focus briefly on the nuts and bolts of the job search and will also explore the myriad career options available to you - the process by which you identify 'best fit' career options, survey resources to examine those options, and locate opportunities. The workshop is
interactive where you reflect on your interests, values, skills and personality traits, connect these to careers, and complete an Individual Development Plan.
