Attend the Leadership Development and Rotational Programs Showcase this Wednesday, Oct. 5 to meet representatives from various industries and learn about their structured leadership training programs and opportunities to rotate through different parts of a company.

CCE EMPLOYER NEWS

Hello from Suzanne on the Employer & Alumni Relations team! I recently had a call with Horizon Media, an independent media agency with a portfolio of over 100 clients that span industries such as Consumer Goods, Entertainment and Auto. They are currently the largest privately held media services agency in the world. We spoke about their growing team (now up to around 1400 total between their LA and NYC offices), and their interest in placing Columbia students in their 10-week internship program over the summer. Beyond Brand Strategy positions, they place interns across teams such as Digital (Search Engine Marketing, Mobile Strategy etc), Legal, Analytics, and Direct/Local Marketing, and use their internship program as a pipeline for future Full Time hires. Interns also will be able to sit in on a Media 101 session during the summer and take part in field trips around NYC. Interviewing will begin in February for Summer internships, and they are looking to get involved in events on campus and post to LionSHARE later this year. If you'd like to learn more in the meantime, click over to their Careers Site to view open positions and get a preview of their awesome office space –there are already some summer opportunities being posted! Also of note - They hire for Full Time positions on a rolling basis, which means that they do not follow a strict recruiting timeline, but rather post jobs as they become available within the company. I would definitely recommend checking them out if you’re interested in starting your experience at an independent but established media agency!
