As a Columbia Economics major, I can...

- Analyze and evaluate economic events and ideas through the lens of core economics principles
- Gather and analyze social, economic, and business-related research
- Write clear, concise technical reports and essays
- Analyze quantitative and qualitative data
- Interpret and communicate the results of statistical analysis
- Understand how economic principles influence the behavior of individuals and organizations
- Critically assess economic arguments using empirical evidence
- Communicate effectively orally and in writing about specific economic issues
