

# Majoring in... **Biological Sciences**?

## Where did last year's grads go?

\*Data from the 2017 Graduating Student Survey: 66.3% response rate

## What are alumni doing?

### EMPLOYMENT

### GRAD SCHOOL

## My Columbia Biological Sciences degree prepares me to...

Approach biological issues from a multidisciplinary perspective

Develop and investigate hypotheses using scientific theory, research methods, and experimental design

Analyze, evaluate, and interpret data

Organize and visualize experimental results

Access and interpret scientific literature

Clearly communicate complex scientific results and concepts orally and in writing

Collaborate on team projects

Implement safe and ethical research practices
